

# YASH KUMAR

Aspiring Software / Web Developer

Noida, Uttar Pradesh | 9719826280 | yashnamdev02983@gmail.com | github.com/yashverma369 | linkedin.com/in/yash369

## PROFESSIONAL SUMMARY

---

B.Tech student with hands-on skills in HTML5, CSS3, and JavaScript (ES6), demonstrated through an independently deployed, API-integrated weather application and a 1st-place win in a competitive UI speed-coding hackathon. Currently expanding into Python Full-Stack Development. A fast learner with strong problem-solving ability and adaptability — open to roles across web development, software development, and other technical fresher positions.

## CORE SKILLS

---

- Programming & Web: HTML5, CSS3, JavaScript (ES6), Python (in progress)
- Web Development: Responsive Web Design, DOM Manipulation, REST API Integration
- Tools & Platforms: Git, GitHub, GitHub Pages, VS Code, Chrome DevTools
- Currently Learning: Python Full-Stack Web Development

## PROJECTS

---

### Weather Application — Personal Project

*Tech Stack: HTML5, CSS3, JavaScript, REST Weather API*

- Designed and developed a fully responsive weather application delivering real-time temperature, humidity, wind speed, and daily/hourly forecasts for user-searched locations.
- Integrated a third-party REST API to fetch and dynamically render live weather data using asynchronous JavaScript.
- Implemented user-configurable unit settings (Celsius/Fahrenheit, km/h/mph), improving usability across regions.
- Deployed and hosted the live application via GitHub Pages, ensuring public accessibility and cross-device compatibility.

Live Demo: [yashverma369.github.io/rich-ui-weather-app](https://yashverma369.github.io/rich-ui-weather-app) | Source Code: [github.com/yashverma369](https://github.com/yashverma369)

### College UI/UX Speed-Coding Hackathon — 1st Place

*Tech Stack: HTML5, CSS3*

- Won 1st place in a college-level hackathon by designing and building a responsive landing page from scratch in a 5-minute time-constrained challenge.
- Demonstrated strong command over HTML/CSS fundamentals, rapid prototyping, and UI design under tight time pressure.

## EDUCATION

---

### Bachelor of Technology (B.Tech) — Delhi Institute of Engineering and Technology, Meerut

2022 – 2026 | CGPA: 8.1 / 10

Higher Secondary Education (Class XII) — 2022 | Percentage: 61%

Secondary Education (Class X) — 2020 | Percentage: 77.77%

## CERTIFICATIONS & TRAINING

---

- Python Full-Stack Web Development (In Progress) — DUCAT, Sector 63, Noida

## ADDITIONAL INFORMATION

---

- Award: 1st Place, College UI/UX Hackathon — built a responsive landing page from scratch in a 5-minute speed-coding round, outperforming all competing teams.
- Maintains an active GitHub portfolio and ships side projects regularly to strengthen practical JavaScript and API-integration skills.
- Actively seeking internship or entry-level opportunities in Web/Software Development.
